{ Chatham II Villa }

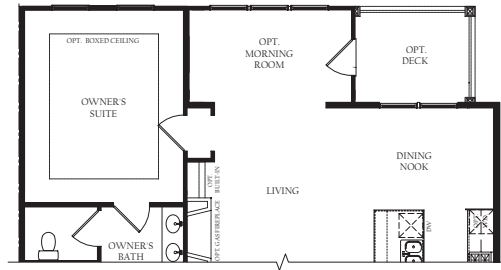

This spacious Villa offers main level living in an updated design. Entering the home, the foyer offers a place to warmly receive guests and allows direct access to the second bedroom suite. The light filled kitchen joins the great room in creating an open floor plan designed for family living or entertaining. A spacious dining room can also be used as a home office or study. The master suite features a walk-in closet and a luxury shower. The Upper Level, which is included on homes with no Lower Level, can be added to the homes with a Lower Level as an option. There are options available for finishing the lower level with a rec room, bedroom, and full bath. This home starts at 1,845 square feet.
