This spacious 3 bedroom 3 bath home offers main level living in an updated design. The light filled kitchen and breakfast nook joins the great room in creating an open floor plan designed for family living or entertaining. The master suite features an over sized walk in closet and a luxury bath with dual vanities, over sized shower stall and space for an optional soaking tub. Bedrooms 2 and 3 share a dual vanity bath and tub/shower combo. Truly a flexible floor plan, there are options for a 4th bedroom with adjoining bath in lieu of the study. Options for side load garage or 3 car garage are available as well as finishing options in the lower level for a rec room, den, hobby room and full bath.

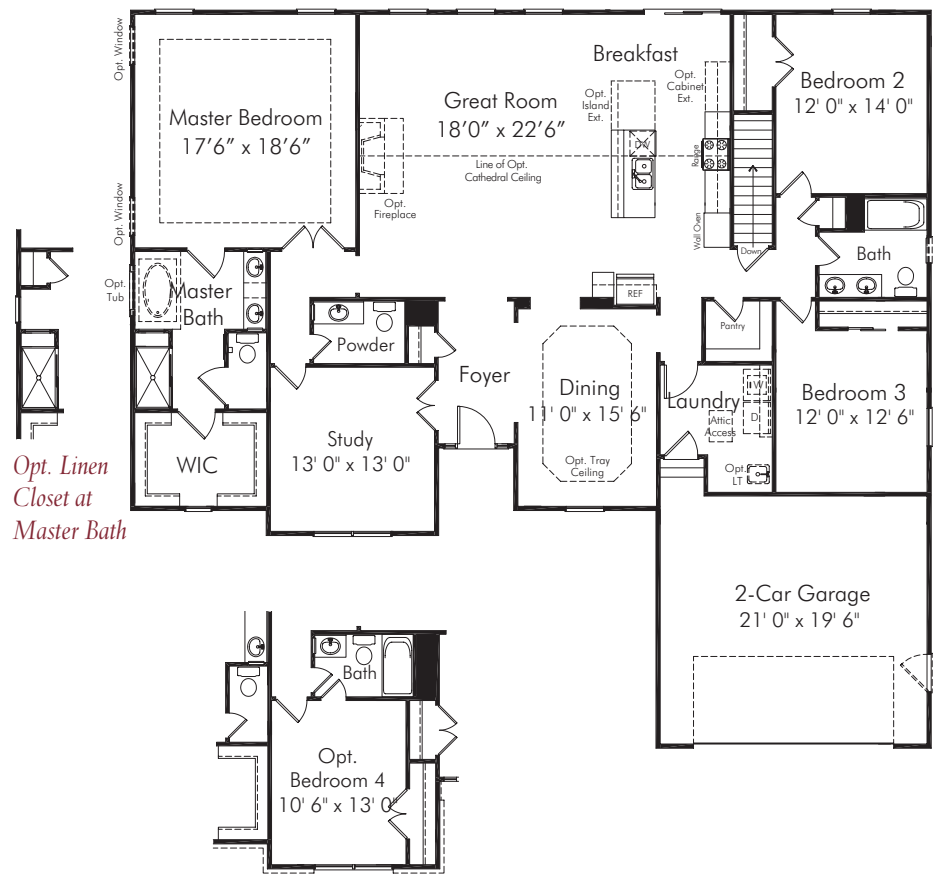

This home starts at 2522 square feet. Elevation Drawing may show Optional Features.
